Grades 3 - 6 : R 650 per 10 sessions

*starts
28 January!*

bMoved sessions are designed to include a wide array of music and dance styles. The experience is to introduce your child to the excitement of the wonderful world of music and dancing, alongside developing their own unique personality and stage presence. Each child is engaged, and their confidence levels naturally soar. Participants have fun whilst learning the elements of music and various dance styles such as Hip Hop, Line Dance and trending dance crazes.

Children also enjoy singing familiar songs, play basic rhythms on Boomwhackers, Bucket Drums and other percussion instruments, participate in fun-filled general musical knowledge sessions, as well as stimulating uniquely developed music games. Team building activities embody the vision in all areas of these sessions and many activities involving group work are incorporated.
